

SAFETY DATA SHEET

(RG, 13.12.2014, No-29204) It complies with the Regulation on Safety Data Sheets on Hazardous Substances and Mixtures.

Substance/Mixture Name	Lipgloss Base	Regulation Date	24.02.2025
		Editing Date	
Form No	047.420.01	Number Of Editing	1

SECTION 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

1.1 Product Identifier

Product Name : [Lipgloss Base](#)
 Form No/GBF No : 047.420.01
 Brand : [Elito](#)
 EC No : No additional information available
 CAS No : No additional information available
 Country of Origin : No additional information available

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses : Manufacturing of products in cosmetics and various sectors.
 Uses advised against : No additional information available.

1.3 Details of the supplier of the tds Identification of the company

Company : Smart Kimya Ticaret ve Danışmanlık Limited Şirketi
 Central Address : 10016 Street No:18 AOSB Çiğli/İzmir
 Telephone : 0850 441 00 22
 Email Address : s@hammaddeler.com
 Websites : hammaddeler.com - gbf.com.tr

1.4 Emergency Phone Number

National Toxic Information Center (UZEM): 114

SECTION 2. HAZARDS IDENTIFICATION

2.1 Classification of Substance and Mixture

Classification according to Regulation (EC) No 28848/2013

According to the Regulation on Classification, Labelling and Packaging of Substances and Mixtures published in the Official Gazette dated 1 December 2013 and numbered 28848, it is not a hazardous substance or mixture.

2.2 Label elements

Labelling according Regulation (EC) No 28848/2013

Pictogram : Not applicable
 Signal word (SEA) : Not applicable
 Hazard Statements (SEA) : Not applicable
 Precautionary statement(s) : Not applicable

2.3 Other hazards

No additional information available.

SAFETY DATA SHEET

(RG, 13.12.2014, No-29204) It complies with the Regulation on Safety Data Sheets on Hazardous Substances and Mixtures.

Substance/Mixture Name	<u>Lipgloss Base</u>	Regulation Date	24.02.2025
		Editing Date	
Form No	047.420.01	Number Of Editing	1

SECTION 3.COMPOSITION/INFORMATION ON INGREDIENTS

3.1 Substances

Component Name	EC No	CAS No	Concentration (%)	(RG, 11.12. 2013, No 28848) Classification in accordance with the "Regulation on Classification, Labeling and Packaging of Substances and Mixtures" (SEA)
Coco caprylate / caprate	No additional information available	No additional information available	90 - 95	Not classified
HYDROGENATED STYRENE/ISOPRENE COPOLYMER	No additional information available	No additional information available	5 - 10	Not classified

3.2 Mixtures

Not applicable.

SECTION 4. FIRST AID MEASURES

4.1 Description of first aid measures

Following inhalation

Remove the victim to fresh air and keep him/her at rest in a position where he/she can breathe comfortably. If symptoms occur, seek medical attention.

In case of skin contact

Wash contaminated skin with plenty of water. Remove contaminated clothing and shoes. If symptoms occur, seek medical attention.

After eye contact

Rinse your eyes immediately with plenty of water, occasionally lifting the upper and lower eyelids. Check for contact lenses and remove them. If irritation occurs, seek medical attention.

Following ingestion

Rinse mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If substance has been swallowed and exposed person is conscious, give small amounts of water to drink. Do not induce vomiting unless directed to do so by medical personnel. If symptoms occur, seek medical attention.

4.2 Most important symptoms and effects, both acute and delayed

No additional information available.

4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically. If large amounts are swallowed or inhaled, immediately consult a poison control specialist.

SECTION 5. FIREFIGHTING MEASURES

5.1 Extinguishing media

Suitable extinguishing media

Use an extinguishing agent suitable for the surrounding fire.

Unsuitable extinguishing media

Do not use water jet.

5.2 Special hazards arising from the substance or mixture

In fire or when heated, pressure builds up and the container may explode.

Decomposition products may include the following materials:

Carbon dioxide

Carbon monoxide

SAFETY DATA SHEET

(RG, 13.12.2014, No-29204) It complies with the Regulation on Safety Data Sheets on Hazardous Substances and Mixtures.

Substance/Mixture Name	Lipgloss Base	Regulation Date	24.02.2025
		Editing Date	
Form No	047.420.01	Number Of Editing	1

5.3 Advice for firefighters

If there is a fire, isolate the scene immediately by removing all persons from the scene. No action shall be taken that involves personal risk or without appropriate training. Firefighters must wear appropriate protective equipment and a self-contained breathing apparatus (SCBA) with a full facepiece operating in positive pressure mode.

5.4 Additional information

No additional information available.

SECTION 6. ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

No action shall be taken without personal risk or appropriate training. Evacuate the surrounding area. Prevent unnecessary and unprotected personnel from entering. Do not touch or walk through the spilled material. Wear appropriate personal protective equipment.

For emergency personnel

If special clothing is required to deal with the spill, refer to the information on suitable and unsuitable materials in Section 8. See also the information in the section "For non-emergency personnel".

6.2 Environmental precautions

Prevent spilled material from dispersing and flowing and from coming into contact with soil, waterways, drains and sewers. If the product causes environmental pollution (sewers, waterways, soil or air), notify the relevant authorities.

6.3 Methods and material for containment and cleaning up

Small Spill

Stop leakage if no risk. Remove containers from spill area. Dilute with water and wipe up if water soluble. Alternatively, or if insoluble, absorb with an inert dry material and place in a suitable waste disposal container. Dispose through a licensed waste disposal contractor.

Large Spill

Stop leakage if no risk. Remove containers from spill area. Prevent entry into drains, waterways, basements or confined spaces. Flush spillage to a waste water treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material (e.g. sand, earth, vermiculite or diatomaceous earth) and place in a container for disposal in accordance with local regulations (see Section 13). Dispose through a licensed waste disposal contractor. Note: See Section 1 for emergency contact information and Section 13 for waste disposal.

6.4 Reference to other sections

For waste disposal, see section 13.

SECTION 7. HANDLING AND STORAGE

7.1 Precautions for safe handling

Wear appropriate personal protective equipment (see Section 8)

Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash their hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering dining areas.

Also see Section 8 for additional information on hygiene measures.

7.2 Conditions for safe storage, including any incompatibilities

Store in accordance with local regulations. Store in original container in a dry, cool, well-ventilated area, away from direct sunlight, incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Opened containers should be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate storage to prevent environmental contamination.

7.3 Specific end use(s)

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.

SAFETY DATA SHEET

(RG, 13.12.2014, No-29204) It complies with the Regulation on Safety Data Sheets on Hazardous Substances and Mixtures.

Substane/Mixture Name	<u>Lipgloss Base</u>	Regulation Date	24.02.2025
		Editing Date	
Form No	047.420.01	Number Of Editing	1

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1 Control parameters

Components with Workspace Control Parameters

No additional information available.

8.2 Exposure controls

8.2.1. Appropriate engineering controls

Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

8.2.2. Personal protection equipment

Hygiene Measures

Wash hands, forearms and face thoroughly after using chemical products, before eating, smoking and using the toilet, and at the end of the work period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reuse. Make sure eyewash stations and safety showers are close to the work station.

Eye/face protection

Safety glasses complying with an approved standard should be worn when a risk assessment indicates that this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn unless the assessment indicates a higher degree of protection: Safety glasses with side shields.

Hand protection

When working with chemical products, chemical-resistant, impervious gloves complying with an approved standard should always be worn if a risk assessment indicates this is necessary.

Body Protection

Personal protective equipment for the body should be selected according to the task performed and the risks involved and should be approved by a specialist before working with this product. Appropriate footwear and any additional skin protection measures should be selected according to the task performed and the risks involved and should be approved by a specialist before using this product.

Respiratory protection

Use a properly fitted, air-purifying or supplied-air respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection should be based on known or expected exposure levels, the hazards of the product and the safe working limits of the selected respirator.

8.2.3. Environmental exposure controls

Emissions from ventilation or work process equipment should be controlled to ensure that they comply with environmental protection legislation. In some cases, fume scrubbers, filters or engineering changes to process equipment will be necessary to reduce emissions to acceptable levels.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties

Physical state	: Liquid(gel)
Colour	: Clear
Odour	: Odourless
Formula	: No additional information available
Molecular weight	: No additional information available
pH	: No additional information available
Solubility	: No additional information available
Initial boiling point and boiling range	: 100°C (212°F)
Melting point/Freezing point	: No additional information available
Flash Point	: Open cup: >200°C (>392°F)
Evaporation Rate	: No additional information available
Vapor Pressure	: No additional information available
Relative density	: 0.827
Fluidity (Kinematics)	: (40°C (104°F)): >0,25 cm ² /s (>25 cSt)
Bulk density	: No additional information available

9.2 Other information

No additional information available.

SAFETY DATA SHEET

(RG, 13.12.2014, No-29204) It complies with the Regulation on Safety Data Sheets on Hazardous Substances and Mixtures.

Substance/Mixture Name	Lipgloss Base	Regulation Date	24.02.2025
		Editing Date	
Form No	047.420.01	Number Of Editing	1

SECTION 10. STABILITY AND REACTIVITY

10.1 Reactivity

No specific test data on reactivity are available for this product or its components.

10.2 Chemical stability

Stable under recommended storage conditions.

10.3 Possibility of hazardous reactions

Under normal storage and use conditions, hazardous reactions will not occur.

10.4 Conditions to avoid

No additional information available.

10.5 Incompatible materials

No additional information available.

10.6 Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11. TOXICOLOGICAL INFORMATION

11.1 Information on Toxic Effects

Acute toxicity

No additional information available.

Serious eye damage/irritation

No additional information available.

Skin corrosion/irritation

No additional information available.

Respiratory or skin sensitization

No additional information available.

Germ cell mutagenicity

No additional information available.

Carcinogenicity

If it can be shown that the substance contains less than 3% DMSO extract as measured by IP 346, classification as a carcinogen need not be applied.

Reproductive toxicity

No additional information available.

Specific target organ toxicity – Single exposure

No additional information available.

Specific target organ toxicity - repeated exposure

No additional information available.

Aspiration Toxicity

No additional information available.

Additional Information

No additional information available.

SECTION 12. ECOLOGICAL INFORMATION

12.1 Toxicity

No additional information available.

12.2 Persistence and degradability

No additional information available.

12.3 Bioaccumulative potential

No additional information available.

12.4 Mobility in soil

No additional information available.

12.5 Results of PBT and vPvB assessment

No additional information available.

12.6. Endocrine disrupting properties

No additional information available.

12.7 Other adverse effects

No additional information available.

SAFETY DATA SHEET

(RG, 13.12.2014, No-29204) It complies with the Regulation on Safety Data Sheets on Hazardous Substances and Mixtures.

Substance/Mixture Name	<u>Lipgloss Base</u>	Regulation Date	24.02.2025
		Editing Date	
Form No	047.420.01	Number Of Editing	1

SECTION 13. DISPOSAL CONSIDERATIONS

13.1 Waste treatment methods

Waste generation should be avoided or minimised wherever possible. Disposal of this product, its solutions and any by-products should always comply with the requirements of environmental protection and waste disposal legislation and any local authority requirements. Dispose of excess and non-recyclable products through a licensed waste disposal contractor. Waste should not be disposed of untreated in sewers unless it fully complies with the requirements of all authorities having jurisdiction.

Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not possible. This material and its container should be disposed of safely. Empty containers or liners may retain some product residues. Prevent spilled material from dispersing and flowing and from coming into contact with soil, waterways, drains and sewers.

SECTION 14. TRANSPORT INFORMATION

14.1. UN number or ID number

ADR (Road)/RID (Rail) : Not regulated
 IMDG (Seaway) : Not regulated
 IATA (Airline) : Not regulated

14.2. UN proper shipping name

ADR (Road)/RID (Rail) : Not regulated
 IMDG (Seaway) : Not regulated
 IATA (Airline) : Not regulated

14.3. Transport hazard class(es)

ADR (Road)/RID (Rail) : Not regulated
 IMDG (Seaway) : Not regulated
 IATA (Airline) : Not regulated

14.4. Packing group

ADR (Road)/RID (Rail) : Not regulated
 IMDG (Seaway) : Not regulated
 IATA (Airline) : Not regulated

14.5. Environmental hazards

ADR (Road)/RID (Rail) : Not regulated
 IMDG (Seaway) : Not regulated
 IATA (Airline) : Not regulated

14.6. Special precautions for user

No additional information available.

14.7. Bulk transportation according to MARPOL 73/78 annex II and IBC code

No additional information available

SECTION 15. REGULATORY INFORMATION

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

- Regulation on Classification, Labeling and Packaging of Substances and Mixtures (SEA) published in the Official Gazette dated December 1, 2013, bis numbered 28848.

-Regulation on Registration, Evaluation, Authorization and Restriction of Chemicals (KKDIK) published in the Official Gazette dated June 23, 2017 and numbered 30105.

15.2. Chemical safety assessment

For this product a chemical safety assessment was not carried out.

SAFETY DATA SHEET

(RG, 13.12.2014, No-29204) It complies with the Regulation on Safety Data Sheets on Hazardous Substances and Mixtures.

Substance/Mixture Name	Lipgloss Base	Regulation Date	24.02.2025
		Editing Date

SECTION 16. OTHER INFORMATION

Waiver Statement

The information presented in this safety data sheet is based on the information we already have. Although the information is reliable, it should not be considered accurate and complete. The prepared safety data sheet does not constitute a guarantee and should be used as a guide. This information has been prepared specifically for the substance or mixture in question, and may not be valid for compounds and processes made with other substances. and may vary depending on other raw materials; For this reason, the person or institution purchasing the products freely decides to use the product after evaluating its suitability for its own use, its impact on environmental conditions, its effects on occupational health and safety. Hammaler.com, Smart Kimya Tic. and Dan. Ltd. Şti., our representatives and solution partners cannot be held responsible for the use of this information.
